

# LIFE REMODELED

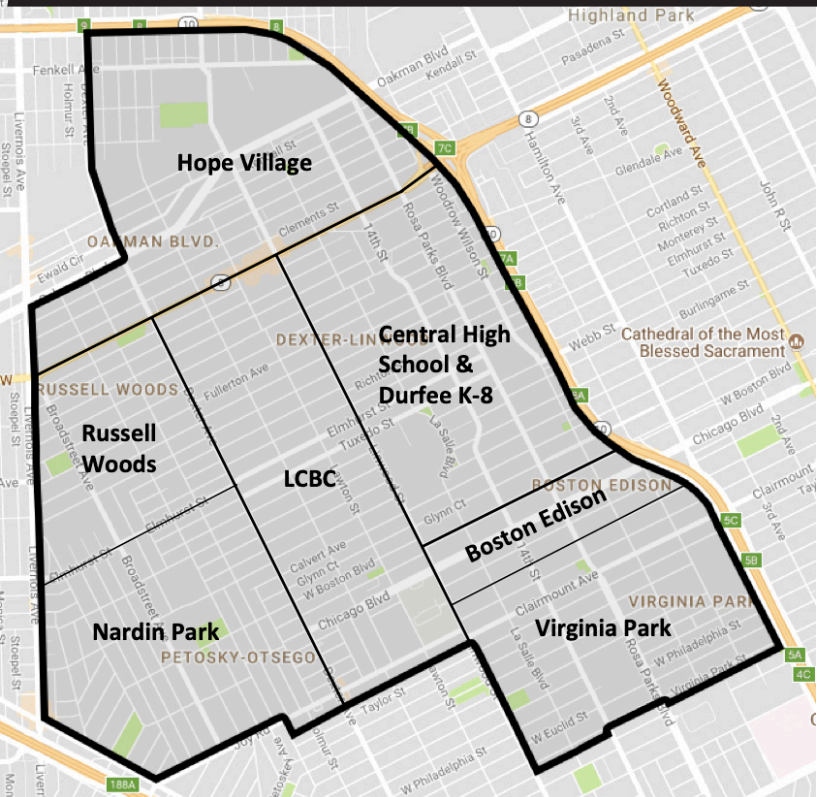

together w/you!

# 2021 SIX DAY PROJECT

## OCTOBER 4-9, 2021

## HIGH VOLUME / HIGH PURPOSE / HIGH IMPACT VOLUNTEERISM

### 2021 PROJECT DETAILS

- Volunteers will focus on removing blight from the front yards of vacant properties-- clearing debris and cutting down overgrown grass, weeds and brush.
- At minimum, Life Remodeled will comply with all State of Michigan COVID-19 orders and requirements in place during Project Week
- All volunteer work will take place outside, and at this time, we expect volunteers will not be required to wear masks while outside.
- All necessary tools will be provided by Life Remodeled, but volunteers can bring their own tools if they prefer.
- Volunteers will drive their own vehicles directly to the project site and park in front of vacant properties.
- No lunch will be served, and volunteers will be asked to work a half day shift from 1-5 p.m.

With substantial investments of cash, labor and materials, Life Remodeled focuses on the intentional and equitable revitalization of Detroit neighborhoods distinguished by their significant need and radical hope. Projects are determined by the community's needs and visions and we assist in three areas: renovating and repurposing former community assets into opportunity hubs, repairing owner-occupied homes, and annually mobilizing 10,000 volunteers in six days to beautify the four square miles surrounding our current opportunity hub.
